

Dynamic Credit signs UN Principles for Responsible Investments (UNPRI) bringing Dutch representation to 5%

Amsterdam, 6 September 2018

Dynamic Credit, the asset management and direct lending firm, announces today that it has signed the United Nations-supported Principles for Responsible Investment (UNPRI). The framework comprises of six principles* that participating institutional investors follow to support sustainable investing practices across their business. Over 2000 companies have signed the UNPRI so far and approximately 5% are Dutch.

Tonko Gast, Dynamic Credit's CEO, said:

"Our mission is to create a better match between savings and credit for a more prosperous and sustainable society. The UNPRI is the yardstick we use for everything we do so becoming a signatory and supporting these principles is synonymous with our vision and values. We hope our participation will encourage other companies to join us as we continue to use sustainable investment strategies to benefit people in the communities we operate in."

ESG factors are already driving new product development at Dynamic Credit, a company determined to facilitate the release of available capital for the purpose of lending, especially in communities where people need better access to finance. Dynamic Credit brings inclusive finance to Indonesia by leveraging their expertise and tweaking their existing technology and processes to work for the Indonesian market.

In the Netherlands, Dynamic Credit support environmental targets by providing extra lending on top of mortgages, to borrowers who want to improve the sustainability of their homes.

About Dynamic Credit

Dynamic Credit is a fixed income asset management and direct lending firm. Founded in 2003, Dynamic Credit has offices in Amsterdam, New York and Jakarta. Dynamic Credit manages (securities of) loans of others and its own proprietary direct lending.

In December 2017 Dynamic Credit entered into a strategic partnership with Aegon, who has become a 25% shareholder of Dynamic Credit. The partnership enables further growth into new lending products, like SME and buy-to-let loans.

The team of experts at Dynamic Credit have extensive experience valuing, sourcing, creating and managing alternative fixed income products. In 2015, Dynamic Credit set up the first online mortgage distribution platform of the Netherlands (bijBouwe). In June 2016, Dynamic Credit launched the LoanClear loan portfolio surveillance platform and marketplace. In August 2017, Dynamic Credit launched the Dynamic Credit Funds ICAV, an Irish AIFM regulated fund umbrella.

Dynamic Credit is fully licensed and is regulated by Dutch, Irish and Indonesian financial market authorities.
